Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS MEDICAL BOARD

First Name: keyana

Last Name: parker

Title: Lmrt

Organization you are affiliated with: CHCP

Email:

City: austin

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or

Opposed: I think NCT should be eliminated because they are not informed with the proper information to safely and correctly take x-rays. The amount of time they are required to have is not nearly enough to know why every step in the x-ray process is needed as far as what Kvp is , why the patient is positioned a certain way , knowing every body part. Lmrt work hard to know everything involve with safely and clearly providing an image to get make sure the patient get the proper care needed to get them in the best health possible . NCT should not be aloud to take x-ray do to the fact that x-rays are life threatening and they are not provide all the information needed in this health care setting . 120 hours is not nearly enough time to learn every thing a Lmrt will in 1500 hours. please reconsider your decision .

Any Alternative or New Recommendations on This Agency: I feel that NCT should be eliminated because they are not credited and LMRT should get rid of the temporary license and make one comprehensive exam.

My Comment Will Be Made Public: I agree
