Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

Having been the subject of a review by the Sunset Commission in 2014, I agreed with their assessment of the shortcomings of the NTGCD and appreciated their handling of that situation.

In general, I do not believe that the process of handling delinquencies of water districts should be referred to the Sunset Commission due to lack of personnel and knowledge to oversee the districts. There was no followup contact with the district to see if the deficiencies were corrected.

Any Alternative or New Recommendations on This Agency: Refer these matters to another agencies such as TDLR.
