Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

-Many of students coming from different ethnic background do not have access to online and not fluently understand English enough to taking online class due to their Language barrier (vietnamese/English). The beneficial to take class is to help the student how important to be a better driver and prevent accident at all cost.
-providing in class also helping me a supplemental much needed extra income enough for our living expenses as a single mom.
-We can't do a \$25.00 class fee and also competing much lower a fee of \$5.00 online class.

Any Alternative or New Recommendations on This Agency: According to the staff report, there are too many unnecessary changes and these changes are very detrimental to the ways safety instructor doing/providing class for a long time.
