Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I support the findings of the Sunset Commission, in general. This will protect the public as well as Texas counselors in good standing.

However, the make-up of the Committee should be fairly balanced between each of the four professions, and should include a representative from each profession, and a member of the public. Thousands of counselors in our state depend on an agency that will be more responsive to them, and will be able to manage the myriad of issues for the public.

Any Alternative or New Recommendations on This Agency: Be sure the members of the committee actually have professional experience to guide this body!
