Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I fully SUPPORT ECG's being a part of sports physicals... every student athlete should be screened, there is only one way to diagnose a non symptomatic health issue and that is by testing... a quick ECG is all it could take to save a child's life, it's necessary and a child's life is worth the extra few dollars!

Any Alternative or New Recommendations on This Agency: Screen them ALL and save a life, don't wait for a life to become a fatal statistic when it can easily be prevented by a simple test and simply a few dollars.

My Comment Will Be Made Public: I agree
