Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The language on prescribed burning and The Board focuses on reducing fuel for wildfires. Equally important is the rights of private landowners to use fire as a tool for range and wildlife habitat management. This right should be clearly included.

Any Alternative or New Recommendations on This Agency: The right of private landowners to use fire as a tool for range and wildlife habitat management should be clearly stated.

My Comment Will Be Made Public: I agree
