Your Comments About the Staff Report, Including Recommendations Supported or Opposed: While restructuring of board can produce effective change, I believe BHEC needs to include professional representation from each board represented as informed and voting members in addition to the public representative recommended by Sunset Commission staff. This will ensure the professional enhancement and guidelines of each field will be upheld.

Any Alternative or New Recommendations on This Agency: Professional voting members of each profession needs to be not only represented but also have status as a voting member.

My Comment Will Be Made Public: I agree
