Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS MEDICAL BOARD

First Name: Claudia

Last Name: Reyes

Title: LMRT

Organization you are affiliated with: CHCP

Email:

City: Austin

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Removing the LMRT will be a big mistake, Patient need proper care and professionalism. The lack of classroom training and clinical training from a NCT will not be patient care. LMRT is a great program, intense academic focusing in Radiation Protection, equipment operation and quality control, image acquisition and evaluation, patient care and education, and radiographic procedures. A program w a minimum of 1500 hrs vrs a program w 120 hrs will reflect on patient radiation. Pt will not trust NCT to perform x-rays and will eventually reflect on medical concerns.

Any Alternative or New Recommendations on This Agency: get ride of NTC get ride of temporarily license and make 1 comprehensive exam.

My Comment Will Be Made Public: I agree
