Well my concern is why is there favoritism in people that want to adopt a children's. I wanted to adopt 3 of my foster children's and CPS hasn't let me. I've already waisted \$10,000 dollars in adoption. And CPS wont sign the petition for adoption. They couldnt proof anything wrong towards me. I just wanted to provide a HOME,FAMILY,LOVE,SECURE to this 3 children's. And I consider them as part of my family. And they wanted me to adopt them. Cause I had them for 6 years. One of the childrens was 1 month old when she came in to my care. And then she was removed from my house when she was almost 7 years old. And it was traumatized for her because she thought we were her biological parents. And as years have passed by I still have them in my prayers. And still keep fighting for them. But I have ask for help to the Congress, State Representative,Mayor,Attorney, Judges. But its been impossible to me. When I hear they help other people. And I dobt see it fair. But what can we say. No one seems to one get involved. The childrens have made out cry stating they want to return back home. But no one listen to them either. They do have a voice. And we need to help them. Cause we are still here fighting for them. My case was heard also in court. And I proof to very body that they I want my kids back with me. That they are part of my family. And the Judge,attorney liteum of the childrens said that they're nothing against me. And that im qualified to adopt the childrens. But CPS wont sign the consent for the adoption. And I'm just want to help this childrens and other childrens to. But its been impossible. We need to think that the children's are first. And they have a voice and it needs to be hear. My children's when they were under my care nothing happend to them. No danger or harm. And I proof to the sytem CPS. A still no one seems to want to help me. But as soon my little one my foster child was remeved from my care she was sexual abuse @ the age between 6 and 7 year old. And she is bearly turning 9 years old on the 28 of June. So im asking for youre help any one that can help me with my situation. Its been already 3 years fighting for them. The Judge said appealed the case in Austin,Texas. He said I didn't find anything wrong in you adopting this 3 children's. Is just CPS wont sign the

consent for the adoption. So please touch your heart and help me give these 3 children a better and secure home and full of love. This is my story and children have a voice and they need to be heard.
