Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: I agree with the Sunset Advisory report. Simplify and Innovate the process to keep up with new
Technologies. Make it the responsibility of the licensed Plumber and Plumbing company to install piping to code.

Any Alternative or New Recommendations on This Agency: I do recommend one single code be adopted to keep
installation uniform. Plumbing Inspectors have a duty to make sure it's done correctly. If not, then it's on the
contractor to correct. Maybe they'll get the idea to train their plumbers.
