Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

As a licensed esthetician in the state of Texas and a student instructor working toward my Esthetician Instructor's LICENSE I am opposed to deregulating the Cosmetology and Esthetician INSTRUCTOR License.

- The deregulation of the Barber/Cosmetologist and I presume Esthetician Licensed Instructor "licenses" that are up for Sunset Review is of great concern to me. Not just because I have been working so hard to get the education and hours in for state regulated testing, but for both of the separate industries. We are taught from the book, Master Educator by Letha Barnes ISBN-13: 978-1-133-69369-7 ISBN-10: 1-133-69369-5. Career teaching, especially in the case of state regulated licensing, is a refined approach for teaching in today's society. We are learning how to properly educate learners whom have a variety of learning styles. This approach to teaching theory or academic subjects is called pedagogy. Will TDLR or any regulatory agency accept 'learners' that have been 'taught' by unlicensed 'teachers'?

Any Alternative or New Recommendations on This Agency:

During the time of the failed lending institutions, I was a contractor with Resolution Trust Corporation (RTC) which SUNSET into FDIC. That type of 'Sunsetting' was logical. Deregulation of Barber and Cosmetology INSTRUCTORS is not in that category.
