Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I support the hiring of additional staff to help expedite the licensure process. I graduate in a couple of weeks and will then be sitting in limbo until my LPC-Intern license is processed and approved. This effects my livelihood and prevents me from obtaining employment. In addition, the LPC licensure application requires you to designate the site you will be working at. How is it possible to determine that without the appropriate credentials to secure employment. Why is the "to be determined " check box that used to be on the application now missing. My recommendation is to add that option once again on the application. Thank you.

Any Alternative or New Recommendations on This Agency: N/a
