Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I believe instructors need to be kept. These people are professionals. They went to school for this. That's like letting any random person practice medicine as a nurse or doctor without going through process of being taught by many professors. So why would you remove the instructors who are teaching others how to become professional cosmetologist, barbers, esthetics...the best version, at that??? I completely oppose this decision!!!
KEEP THE INSTRUCTORS!!!

Any Alternative or New Recommendations on This Agency: The only recommendation I have is to think logic. If we remove instructors then who will teach or correct mistakes. Everybody needs some sense of guidance to work towards the career they want. That's what instructors are for.

My Comment Will Be Made Public: I agree
