Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am a student at the university of Houston Downtown and will soon graduate with a Bachelor's degree in Petroleum Geosciences with a minor in Psychology.

My plan is to pursue a Geological Licence through the state of Texas with will permit me to a certificate in the field that I am in, if I don't get accepted into graduate school. Not everyone can afford graduate school, therefore obtaining this license is very important to students opting for a career in Geology.

Please consider before making a decision.

Thank you.
