State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

My family does not want the Texas state board to be closed down and feels that it is important to have been trained to get a license that if anyone can go online and take a test to get certified that we are putting our water and gas systems at risk because they potentially do not have the proper training.
It takes years to gain the knowledge of a professional licensed plumber.
Sanitation for our families is very important And the TSBPE does a wonderful job keeping us all safe

Any Alternative or New Recommendations on This Agency:
