Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As a rescue transporter, I see first hand the effects of back yard breeding. Some of these pets a genetic mess from inbreeding. When people can't afford their medical expenses, they dump them on the already overburdened shelter system. As a small, one person rescue transport, I have personally transported at least 80 pets to out of state rescues from our small west Texas town. Out of state rescues are amazed at the irresponsibility and lack of Texas animal laws and enforcement. I support licensed, RESPONSIBLE breeding. Please keep the Licensed Breeders Program

Any Alternative or New Recommendations on This Agency: Keep the Licensed Breeders Program
