Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I, Harold Sims, formally oppose the abolition of oversight for the cosmetology industry in the great state of Texas. I have recently had the unfortunate task of increasing beauty regulations in Nebraska, due to pending life threatening lawsuits. Due to low regulations here at home, protective health measures were a must, and the obligation for ensures public safety is the state's responsibility. Additionally, licensing and additional funds from the HHS department can be greatly beneficial for the state budget. I ask that you make the safe and responsible decision to keep proper oversight for the beauty industry.

Any Alternative or New Recommendations on This Agency: Follow the national standard, at the very least, yet continue to work towards and strive to be the leader in positive beauty legislation.
