Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

I believe that plumbing needs to be regulated by PLUMBERS, not senators, not congressmen and not the state. Plumbing is a trade that revolves around health, safety and future. I think that we should revamp the TSBPE, get more qualified people to run the board, hire more evaluators, staff. The board is vital to our trade in regulation of codes and enforcement and without it we may end up just like Michigan. Please consider revamping the board rather than eliminating it.

Thankyou, David Smith
