State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or

Opposed: I agree with the over all need for a consolidated agency (BHEC) for our four boards with the presiding officer appointed by the governor. Also, I support any efforts to make the licensure process reasonable and objective.

However, I would like the overall perspective to include professional as well as private nominees I agree that we can become mired in our own self-reflection, thus the need for outside privately appointed viewpoints are necessary. However, the Executive council should also have the voice of experience to speak to the issues that evolve and that are considered.

Any Alternative or New Recommendations on This Agency: My recommendation is that the make up of the BHEC be an appointed professional as well as an appointed private member from each board. The presiding officer should still be appointed by the governor.

My Comment Will Be Made Public: I agree
