Your Comments About the Staff Report, Including Recommendations Supported or  
Opposed: Please consider decreasing the number of dogs a breeder can have.

We have a pet population problem and many breeder are only in it for the money and not the goodness of the animals. Many breeder drop their dogs off on the side of the road when the female is past her breeding period. This should also be considered. What happens to the mother dogs? Standards for puppy mills need to be tightened. Please consider regulating this practice more strictly. Thank you!
