City: Midland

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I would like to know what happened to the insightful letter written by Russell Wyman. I had not quite finished reading it, but was very impressed by the amount of information in the letter. It seems he intelligently pointed out that the Board of Plumbers should be left as it is. Also pointed out the amount of money that would be lost by the change. There is an old saying "if it ain't broke, don't fix it", which certainly would seem to be the case in this situation. Please repost the letter.

Any Alternative or New Recommendations on This Agency: My recommendation to the agency is to leave the Plumbing Board as it is.

My Comment Will Be Made Public: I agree

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am against changing the Texas State Board of Plumbing Examiners to the TDLR. I feel plumbing examiners serve to educate plumbers in their jobs.
Just as I am a homeowner and I had a whole house propane generator installed.
When the propane delivery man came to fill the tank, he looked and said "this is not right". He proceeded to replumb the fittings. I am grateful he had been trained and was able to spot potential dangers. It is my feeling that all plumbers should get continuing education for the protection of the public.

Any Alternative or New Recommendations on This Agency: I feel the State should stop taking all the monies generated by the Board of Plumbing Examiners and let them have enough to replace retiring examiners, or hire new examiners. It would be in the best interest of the health and welfare of the residents of Texas.

My Comment Will Be Made Public: I agree
