State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As a rescuer, we work tirelessly to help improve conditions for dogs and cats in our area. Reducing restrictions or getting rid of necessary license requirements, will simply open the door for more "back yard" unregulated breeders who are solely in this for the profit. Flooding more dogs into the area when we already have an enormous stray issue to combat daily. In addition, this will place hundreds and probably thousand of dogs into a life of no veterinary care and horrible living conditions at the hands of people looking to make quick money. Please don't let this happen, we can not be working backwards on animal issues, we need to be improving and bettering ourselves. Thank you for listening to my concerns.

Any Alternative or New Recommendations on This Agency: As a society, we need to be improving ourselves and working towards goals of ending animal abuse. Less regulation or monitoring is a step backwards, please don't let this happen. Help to strength and improve animal welfare.

My Comment Will Be Made Public: I agree
