Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I urge TWIA to not segregate the Coastal Communities from the remaining communities throughout the State. TWIA needs to consider restructuring so that the property owners throughout the entire State of Texas share equal in the cost of windstorm insurance. Our Coastal Communities have carried the billions of dollars of damage that our northerner Texas neighbors have had for many years, yet their cost to insure does not compare to ours. Please consider putting the entire State on an equal playing field.

Any Alternative or New Recommendations on This Agency: Totally restructure to fairly disperse the cost of windstorm insurance throughout the entire state.
