Your Comments About the Staff Report, Including Recommendations Supported or Opposed: OPPOSED to puppy mills in the State of Texas. (actually in any state!) There aren't enough agencies to be committed to inspection of these breeding facilities. They are too big and should be limited to no more than 5 females.

Any Alternative or New Recommendations on This Agency: Breeders should be have no more than 5 breeding females at a time, with regulations requiring them in the regulate the amount of times a female may give birth.

My Comment Will Be Made Public: I agree
