Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I think that it would be absurd to let officials other than qualified, degreed, and experienced members in the field be over a licensing board. When individuals put their hand in a decision-making process that have no knowledge or experience, the best interest of the profession is slighted.

Any Alternative or New Recommendations on This Agency: Keep the licensed, trained, experienced, and those holding a degree in the mental health profession over the licensing board.

My Comment Will Be Made Public: I agree
