Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The consolidation of a number of boards including but not limited to OT, PT, optometrists, chiropractors is not in the favor of these separate entities nor the public. It is in the public's best interest to keep OT/PT under the Executive Council so that those who are regulating our practice are well versed in what we do and can offer to our clients. This helps protect clinicians as well as those receiving their services.

Any Alternative or New Recommendations on This Agency: Keep OT/PT under the original executive council instead of consolidating into a general board that regulates various entities.
