Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I think we should keep the LMRT program and get rid of the NCT because LMRT are more knowledgeable about Radiation and Patients safety when positioning and dealing with patients. NCT can not be as knowledgeable as a LMRT in the amount of 120 hours that it takes for them compared to LMRT who have 600 hours.

Any Alternative or New Recommendations on This Agency: Just get rid of temporary licencing

My Comment Will Be Made Public: I agree
