Your Comments About the Staff Report, Including Recommendations Supported or Opposed * Reduction is about money Services is about peoples serving needs. I am opposed to Issue #13. A reduction in services is not the answer for our special needs youth. Our government runs on our economic contributions as determined by our work income opportunities. Helping families with special children keeps the parent and later the child in the work force.

Any Alternative or New Recommendations on This Agency * Just as Tx Counties are different in population & focus; so are the multiple special needs. Since we are not all alike we need multiple voices in representation, I strongly recommend leaving the three Boards in current existance operational & functional. A child needs many voices since he cannot speak adequately for himself. A Parent Voice Committee, an Educational Committee and an agency committee are all necessary to work for the dignity & development of productive future voters with or without disabi
