Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I recommend keeping cosmetology instructors trained and licensed.

Their is so much more to being a stylist than some may think, proper care for someone's hair and the well-being of their health while doing so is major and must be taught properly and not just by someone with no training. We are more than just pretty faces that curl hair, we change people's lives whether we are teaching them for their career or giving them a life changing makeover. A fabulous stylist starts with a wonderful Instructor!

Any Alternative or New Recommendations on This Agency: I would recommend more in class continued education for instructors to insurance proper training and teaching skills.
