Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

I oppose puppy mills, considering the overpopulation it is really catastrophic number,, we instead need , Mandatory spay and neuter for everyone unless the person is a state licence inspect it, breeders...everyone else must show a paper sign from a vet showing that the dog has a medical condition not to be S/N,, back yard breeders need to be part of the past ..to stop all of that we need stiff fines,, to the lawbreakers!

Any Alternative or New Recommendations on This Agency: The overbreeding is epidemy, because of that this state and country,, just horrific stories of animal abuse rescues need to be supervised from the state,, they scam \$\$ from people letting them believe they take care of the dogs , instead about 40 % of those animals end up in horrific situation use for bait in dogfighting gangs and sold for laboratory studies of just thrown in a ditch and kill it is sad,it is sad it must stop! Asking for charities it can be ok,, unless that money is supervised from a government branch,, and the \$\$ directed,, for those that did need it ..otherwise it is not legal!
