Your Comments About the Staff Report, Including Recommendations Supported or Opposed: We must keep the License Breeders Program. These people torture innocent animals simply to make a buck. Puppy mills breed filth and sickness. They inflict torture and pain upon innocent animals. The people who run them don't care about their product. They are in it simply to make a buck. Animals are not ours to use, torture, and abuse to make a living.

Please, keep this program. It is the only thing we have to product innocent animals who have not done anything to anyone to deserve what these people do to them.

Any Alternative or New Recommendations on This Agency: Frankly, I don't believe that any person should be allowed to profit off an animal. I realize to you that my views are probably extreme. If it were up to me puppy mills would be abrogated.
