Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Social Workers provide a wide scope of specialized services to a highly diverse population. Social Workers must maintain skills and experience which are continually updated. Social Work licensing must be updated on a regular basis to meet the needs of a profession whose mission meets the changing needs of our Texas citizens. Social workers require the support and guidance of a specialized body, such as the TSBSWE.

Any Alternative or New Recommendations on This Agency: TSBSWE needs more resources.
