Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The Texas Funeral Service commission does not appear to service the general Texas population other than the funeral industry. If it does not expand its programs, I believe the commission should be sunset.

Any Alternative or New Recommendations on This Agency: I would like to this or any new agency make an effort to inform the public about green burials, home funerals, donation of bodies, and other relevant subjects. I would also like to see the agency keep up to date on new developments such as processes for the composting of human remains (ref. to the State of Washington).

My Comment Will Be Made Public: I agree
