Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS MEDICAL BOARD

First Name: Marimento

Last Name: Vasquez

Title: LMRT

Organization you are affiliated with: CHCP

Email:

City: Bastrop

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Removing the LMRT program will be a big mistake, because we are taught our patient's safety is priority. NCT's, only having 120 hours of study, couldn't possibly get all the training that a LMRT would. It is more important to have people who are more experienced with the field work, the to have some one who just learns the minimum amount possible.

Any Alternative or New Recommendations on This Agency: My recommendation is to get rid of the NCT program and leave the LMRT program. It's what is better for the patients and their well being.

My Comment Will Be Made Public: I agree
