Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am opposed to Sunset recommendations that the Texas Board of Chiropractor Examiners (TBCE) be consolidated under the Texas Department of Licensing and Regulation (TDLR), along with several other healthcare licensing agencies. Chiropractic is a distinct and separate science, philosophy, and art. It needs to be regulated by individuals who know and understand what Chiropractic is and who understand the principles that Chiropractic was founded on. Chiropractors should be regulated by Chiropractors, just like other healthcare professionals should be regulated by those in their respective profession.

Any Alternative or New Recommendations on This Agency: Keep TBCE intact, and do not allow state organizations to influence the regulation of Chiropractic.

My Comment Will Be Made Public: I agree
