Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am grossly opposed to the inclusion of Chiropractic in the same realm as plumbers, electricians, athletic trainers, ect. These are all worthy professions, but no where near the education level of my doctorate.

Any Alternative or New Recommendations on This Agency: The TBCE has been the regulatory board for our profession just as the Texas Medical Board is to the Medical Doctors. I feel that placing a doctor of chiropractic within the realm of the Texas regulatory LIc board would be a great insult to our profession.

My Comment Will Be Made Public: I agree
