Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Legislation is crucial to stop the massive over breeding of dogs in Texas. WE euthanize more animals than any other state in the United States. There is nothing more demoralizing for a veterinarian than euthanizing dogs and cats due to overpopulation (through no fault of their own) from unscrupulous individuals making money from pet sales.

Any Alternative or New Recommendations on This Agency: New legislation requiring permits and standards of care to be established with enforceable fines.
