Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

The proposed changes to the Sunset Commission regarding controlled substances should not apply to Veterinarians. The website requires information that is not applicable to Veterinary practice. We keep a paper log as well as a computer log that is readily accessible to reviewers at any time. Requiring us to log in every day to fill out another log for controlled substances is overkill and will require a lot more time after hours for all Veterinarians. While diversion may occur in a few instances it does not occur in the majority of Veterinary practices. It has never occurred in our 48 years of practice. I appreciate the opportunity to respond and hope that you will give my thoughts serious consideration. Thank you.
