Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I support the Texas Holocaust and Genocide Commission fully.

It is important to educate the public about anti-semitism in a graphic way.

The exhibit, Texas Liberators, is due to be open to the public at the Georgetown library in April 2022.

Our congregation is sponsoring this exhibit. This exhibit pays tribute to the men who entered the death camps in World War II, and rescued survivors of one of most horrific times in world history. Please consider the ongoing education of the public concerning the threat of annihilation of innocent people whose lives were taken because of their religious affiliation.

Genocide is a terrible occurrence and we need to ensure the awareness of the past will prevent a reoccurrence in the future.

Texas schools are now mandated to teach about The Holocaust for a week during the school year. Please leave the THGC free of any closure, so that we can continue to provide the understanding of tolerance in this world we all live in.

Any Alternative or New Recommendations on This Agency: Please let the THGC continue to function as planned.
