Your Comments About the Staff Report, Including Recommendations Supported or Opposed: My concern is for the request to eliminate the LMRT license. This request is very unfair for the the individuals who have studied hard to give themselves a career such as myself. I know the TMB doesn't consider the struggle that a person goes through to gain the knowledge to work at a career that they can feel proud of and be able to support their family. I definitely do not agree with the any request to diminish the LMRT license. I've gone through a lot to just get to where I am now, ..going to school, taking out loans for the school, studying, worrying and praying. To have someone just disregard all the hard work and effort is just plain heart-wrenching and heartless. To struggle for our certification only to have it taken away and be labeled as if we never had any kind of proper certification is not right and should not be a consideration. I hope this request will be reconsidered and found to be unfounded and unjust.

Any Alternative or New Recommendations on This Agency: My recommendation is to reconsider the request to eliminate the LMRT license.

My Comment Will Be Made Public: I agree
