Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I have been building an assembled vehicle for the past few years and have made it to the finish line only to discover the Texas DMV has made a "ruling" and pushed to enforce it through denying registration and even revocation of registration. This, in my eyes, is acting as a Police State and infringing on the rights of citizens. The Texas DMV should not have the power to rule and enforce to eliminate some assembled vehicles based on some person's feeling. I have invested many thousands of dollars and countless hours of labor to build my car only to have the Texas DMV allow me to park it in my garage. What happened to the Great State of Texas? This MUST be over turned. Thank you.

Any Alternative or New Recommendations on This Agency: SAVE THE TEXAS DUNE BUGGY AND KIT CARS!!!
