Your Comments About the Staff Report, Including Recommendations Supported or  
Opposed:  
Supported.

I cannot speak for my employer, I personally I don't think it is important for the State of Texas to regulate Geoscience licensure. I cannot think of or ever experienced a real-world example for which a Professional Geoscientist may have helped protect the public health, safety, and welfare, saved a client and/or the public money that would have been wasted, and so forth.

Any Alternative or New Recommendations on This Agency: None.
