**Subject:** Abilene State Supported Living Center

To Whom It May Concern:

Please allow the Abilene State Supported Living Center to remain open. I heard the information on a news story on TV last week, but a friend opened my eyes to the *urgency* of this situation in that 363 patients will be without living facilities and the special care they so desperately need. This is not to mention the 1340 dedicated employees, some of whom have given more than 25 years of service to this facility and its residents.

Please see that the facility stays open and continues working with these very special individuals who have no voice of their own.

Sincerely,

Jan Brown
