Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The Abilene State Supported Living Center provides a vital role to my family and many others. It is imperative that we as citizens protect and provide a secure controlled atmosphere for the mentally disabled citizens of our state. To close any of the State supported living centers would be devastating to the individuals who live there and their families.

Any Alternative or New Recommendations on This Agency: I ask this agency to help the families of the mentally disabled to insure that the State supported living centers remain open and to remember that these individuals are children of God and deserve to be safe, secure in a controlled atmosphere that is geared to care for their special needs. There are those in our communities that will prey upon the innocence of these individuals and it is my and YOUR responsibility to protect them by providing State Supported Living Centers.

My Comment Will Be Made Public: I agree
