Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

It is very important to Northwest Texas to keep this school. We have people who have been there since they where born. They need help. This school also supplies job here in the NW Texas area for lots of Families. Where would they go? this would also cost more of the State of Texas. This is a long drawn out process please do not take it lightly.

This is a very professionally run school we need to keep it that way. Instead of closing the school make some improvements making it even better for the workers and the patients.

Any Alternative or New Recommendations on This Agency: Improvements to the school here in Abilene, Texas
