Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please do not close the assisted living centers. Where would they go? Group homes are less regulated and the care will not be adequate.

Any Alternative or New Recommendations on This Agency: These are our most vulnerable population. An alternative is to be more passionate in our desire to care for this population in the way each deserves. I recommend each person that will be making this decision 1) visit a sight, 2) imagine your brother, sister, son or daughter is a resident, 3) calculate the amount of time to make decisions on the care of that person that you would have to do yourself and lastly ,4) look around and see if you could buy the kind of care that is presently provided for these residents. Open your hearts and minds.

My Comment Will Be Made Public: I agree
