Good Morning  
Chairman Nelson (1)  
and members of the  
Sentiment Commission

Thank you for the opportunity  
to speak today. My son, Larry  
Spriggs who will be 57 in July  
friends while living there. He  
bonds with the staff and we

feel this is the best environment  
for Larry. He did try the  
Gary Home living but Larry  
suffered a severe burn and

provided to him in Boston. (5)  
The time in Collegeville and Sharon  
is very convenient for us as  
we visit Larry often and he  
comes home for weekend visits
