Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As an allied health care professional recognized by the recognized by the American Medical Association I need to voice me concerns regarding athletic training licensing. I feel it would not be a wise decision to remove athletic training from the jurisdiction of the state board of health. The only other option in my opinion is to be under the supervision of the Texas Medical Board. Athletic trainers provide preventative care and other medical care under the guidance of physicians. We are a vital necessity to the health care of school age through professional athletes. Athletic training needs to be under the supervision of the board of health or Texas Medical Board.

Any Alternative or New Recommendations on This Agency: Athletic training should be under the state board of health or Texas Medical Board.

My Comment Will Be Made Public: I agree
