Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Monday, June 16, 2014 - 10:22

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Jason

Last Name: Armstrong

Title: R.T.(R)(N)(CT), CNMT

Organization you are affiliated with: Children's Medical Center

City: Dallas

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Legislative fight to SAVE Licensure in Texas for Radiology professionals. The requirements to be a licensed technologist need to be upheld. If office staff people are allowed to train on the job and shoot x-rays I can guarantee you that the general public radiation exposure will be increased. It is impossible to learn everything needed without going through the proper channels of an accredited school. We see students through these programs who struggle with this much less a secretary or nurse who has been taught how to "push a button". There is much more knowledge required to perform our jobs properly.

Any Alternative or New Recommendations on This Agency: Keep the current requirements in place for licensed radiologic technologists.

My Comment Will Be Made Public: I agree
