Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Charles

Last Name: Ashenhart

Title:

Organization you are affiliated with:

City: Balch Springs

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The idea that state licensure of Radiologic Technologists protects the public is a farce. If the commission was really concerned they would shut down all of the limited license mills that are churning out unqualified technologists. If the agency survives, it should require ALL technologists to be certified by the ARRT and have a BS degree. I have had personal experience with unqualified so called "x-ray techs" at doc-in-the-box clinics. Either do away with the commission or require proper training!

Any Alternative or New Recommendations on This Agency: Do away with the commission

My Comment Will Be Made Public: I agree
